WOMEN - one size

Warning:

Do not place product on an open wound. If irritation, discomfort, or any problem results from the use of this product, discontinue use immediately, and immediately notify your podiatrist.

Keep out of reach of children and pets.

ARCH STEPPER FEATURES:

- Flexible supports that provide comfortable and long lasting support to achy, weak, and tired arches.
- Arch Steppers are 3/4 length which insures extra room in the toe area.
- Lightweight and durable with a Breath-O-Prene base which is anti-microbial and anti-bacterial.
- Can be worn in all styles of footwear, including most dress styles.

HOW ARCH STEPPERS PROVIDE RELIEF:

-The scientifically contoured Arch Stepper will support your arch at its most efficient height, helping to eliminate fatigue and pain.

-The Arch Stepper is made of a flexible material that is durable; providing months of comfort.

POSSIBLE USES:

- ❖ Weak, tired, and achy feet
- ❖ Prevent foot pain due to long hours of standing

Plantar fasciitis

Heel pain

Flat feet & Collapsed arches
